Learn more by discovering answers to common questions below.

<p>Q: How much does a REPS Franchise cost?</p> <p>A: Compared to most proven franchises, the cost is minimal—just \$10,000 +GST, equipment costs/normal operating costs, and a very low monthly royalty. Currently, competitors charge as much as three to nearly four times this amount, plus royalties are usually far higher than REPS.</p>	<p>Q: Will I have access to support?</p> <p>A: Your success is our success, so of course we are here to support you in every way we can!</p>
<p>Q: Do I have to be a professional real estate photographer with references to become a REPS Franchisee?</p> <p>A: Absolutely not! We can train someone to use our proven photography methods to meet our certified standards, including abiding by our professional code of conduct, which includes not allowing photo tampering.</p>	<p>Q: Can my partner/spouse work with me?</p> <p>A: YES! In fact, a REPS Franchise is the perfect business to share with a partner/spouse.</p>
<p>Q: What training is provided?</p> <p>A: Full training, in every aspect of what you will need to be a success, is provided. Everything is covered, even your accommodation and all meals are included when you train at our facility. We know of no other franchise opportunity that provides this level of personal attention and family-oriented training environment—because when you become a REPS Franchisee, you are part of our family.</p>	<p>Q: Most other franchisors seem to charge a large monthly royalty, does REPS?</p> <p>A: No! Our monthly royalty is lower than any other photography franchise business in the world that we are aware of, and it is one of the lowest royalties of any franchise in the world. No matter how much money you earn, you only pay a low monthly fee. Currently, other photography franchisors charge A LOT MORE!</p>
<p>Q: Is there any selling involved to find clients? I hate sales.</p> <p>A: There is NO direct selling involved. That's one reason people say this is a dream career. We teach you how to receive a steady stream of clients without selling.</p>	<p>Q: Do I have to work full time?</p> <p>A: No, as a franchisee you can set your own schedule. Quality of life is as important as having a good income. A REPS Franchise allows you the best of both worlds.</p>
<p>Q: How does a REPS Franchise compare to other franchises?</p> <p>A: A REPS Franchise is less expensive and less costly to get started; has higher profit margins; and the work is easy, relaxing and more fun than that offered by most other franchises.</p>	<p>Q: What if I want to move?</p> <p>A: With a REPS Franchise, your franchise moves with you, even if you want to move overseas. As long as you have the legal right to work in a country, your franchise can be moved almost anywhere (subject to availability). REPS franchisees have a great degree of flexibility to control their businesses and live their lives.</p>
<p>Q: Do I need business experience?</p> <p>A: No! We will teach you everything you need to know to be successful. You do NOT need any previous business experience!</p>	<p>Q: How can I start a new career with REPS?</p> <p>A: To learn more, call 1300 761 220 or visit REPSFranchise.com.au. Why wait another day to uncover the career of your dreams? Opportunities won't last long! Be sure to mention who referred you, as we may have a special pricing arrangement for you.</p>
